

Stage two: our journey so far

Our school trip.....We started term two with an enjoyable excursion to Tocal. Students enjoyed all the activities (who could build the quickest campfire and boil the billy), the assorted animals as well as the different displays (machinery, plants and products).

We have also started to learn about world explorers in history, geology in science and about being safe in personal development. We continue along the path of learning in Maths and English and had a four day stopover for Year Three to participate in NAPLAN. All students tried really hard to do their best.

We have also been learning about respect in class and are looking at how we show respect in different areas of school. So far we have looked at what respect looks like in the classroom, playground and in lines. We continue with a new area in the school each week for the rest of term. We presented our assembly items of dramas and artworks around this theme.

We include some reflections from RESPECT presented in Assembly:

R is for being really good and being responsible. (Hayden)

E is for encouraging people by talking nicely. (Cameron)

S is for playing safely at all times in school. (Angus)

P is for perfection. (Charlie)

E is for excellent behaviour and encouraging people to keep their hands and feet to themselves. (Ethan)

C is for caring for others and speaking kindly. (Rhianna)

T is for working together politely using teamwork. (Becky)

Have a great week!

regards,

Mrs Halliday
