PBL Report

This term, Kindergarten have been working on showing responsibility in the classroom by packing up our literacy and maths games properly. We want to look after our learning games so that all the pieces stay together and the games are always complete and ready for us to use each time. There are lots of pieces and we have to make sure they go back into the right packets. We have been practising putting away the game we were using before we get out a new game.

Entertainment Books

If you wish to purchase an Entertainment Book. For just \$65 they make a great present for Mother's Day and also raises money for our school.

Printed versions are available from the school and digital versions are available on line at

PBL UPDATE TERM 2

This term teachers are monitoring and recording students who are not displaying our school values in afternoon lines, bus lines, walkers, parent lines etc. Each teacher will have a clip board to record names of any students who are not displaying expected behaviours.

The teachers will rotate and have turns taking the students on the clip boards to spend a few minutes going over our values and what is expected in lines. Data will be collected and recorded.
